

Green Policy Plasmic HealthSciences

Purpose

To document the company policy regarding environmental, health and safety.

Scope

This policy applies to all employees.

Responsibilities

All employees are responsible to:

- Deliver on these commitments
- Create a culture where ensuring compliance, and continuously improving our performance in environmental, health and safety is regarded as a priority for our business.

Process

As a responsible business, Plasmic is committed to the health and safety of our employees and customers, as well as protecting our environment and the local communities that we operate in.

Our company will

- Comply with all applicable environmental, health and safety laws regulations.
- Provide a safe working environment
- Minimize our impact on the environment
- Continuously improve our environmental, health and safety performance
- Communicate our environmental, health and safety commitment to all employees and key stakeholders.

People

We will motivate our employees at PHS to adopt an environmental sustainability mindset.

Patients

We will work to understand how a changing climate will impact people's health. We will source and deliver environmentally sustainable products to people that need them.

Planet

We will strive to minimize the impact of our actions on the planet and work with suppliers that invest in environmental solutions.
